

Job description

Job title: Senior Technical Officer Level 1/2/Supervisor
Grade: Dorset Grade 9/10/11
Job evaluation reference: ES 587 e-g
Job family: Economy and Environment

Purpose and impact

1. Accountable to a Manager or Senior Manager for the provision of technical services within a designated function.
2. To provide proper and effective development and delivery of projects and/or services.
3. To provide technical advice and support.

Key responsibilities

4. To co-ordinate other technical staff in the delivery of allocated projects and/or services, from inception to completion.
5. To ensure the effective control of allocated project and/or service budgets and delivery of high class services.
6. Undertake technical activities, in the planning, programming and production of cost effective projects or services, working to meet agreed priorities and deadlines.
7. Assist in co-ordinating the work with other in-house and external technical staff required to deliver projects and/or services.
8. Co-ordinate in-house and external consultants, to achieve effective project delivery.
9. Assist in the preparation of contract documentation and undertake contract administration, including measurement of works, variations, day works and assessment of claims.
10. Assist in the preparation of estimates, effective control of project and/or service budgets and programmes with records updated regularly and Issues requiring decision or of concern brought to the Manager's attention.
11. Input to financial and administration systems, ensuring accurate data for each allocated project.
12. Ensure optimum use of resources at all times.
13. Operate in accordance with Quality and Health and Safety Systems and other agreed
14. procedures and ensure all Health and Safety requirements are met.
15. Prepare information, for public inquiries, arbitrations, adjudications and similar events.
16. Where directed, undertake public consultation, maintaining good relations with other staff and member of the public covering the area of responsibility.
17. Assist in meetings with local Councillors and residents on work related issues.
18. Any other lesser or comparable duties as required.

NB: The duties and responsibilities of this post are not restrictive and the post holder may be required on occasion to undertake other duties. This will not substantially change the nature of the post.

Supervision and management

The co-ordination of other technical staff and external contractors and consultants.

Other factors

20. The preparation of estimates for a range of allocated projects and monitoring of budgets and programmes.
21. Responsible for PC, hand held communication device (eg. mobile phone) and associated equipment and other specialised technical equipment as and when required.
22. Office based, but regular requirement to travel to other offices and site visits.
23. Frequent periods of public consultation and/or site visits to survey needs, inspect works, discuss changes with contractors and supervise works.
24. Occasionally the post requires working in potentially dangerous environments, such as buildings or construction sites with some lone working.
25. Site visits require a degree of dexterity (use of ladders, walking across all types of countryside etc) and close to traffic, with exposure to traffic fumes and construction hazards.
26. General, offering advice, guidance and detailed assessments, dealing with occasional complex issues.
27. Represent the County Council at meetings with contractors and consultants.
28. Undertake project management.
29. Undertaking public consultation and liaising with local communities.
30. Conflicting demands and interruptions are a regular feature of the post, including addressing site problems or other projects at various stages.
31. Occasionally confrontational and verbally aggressive situations arise with community representatives, contractors and third parties to resolve difficulties.

32. Progression in Post

There are three levels of Senior Technician. For Level 2 & 3, see the advancement requirements as set out for Knowledge and Experience within the Person Specification.

At Level 2:

The post holder will be expected to undertake and lead on a range of technical activities, including consultation with elected members and the community (encompassing complex and some contentious issues), dealing effectively with the outcomes.

Meeting challenging deadlines forms a significant feature of the post at the higher level. Staff management will include some day to day supervision of other technical staff within the team.

At Supervisor Level:

The post holder will be expected to undertake and lead on a range of technical activities, including consultation with elected members and the community (encompassing complex and some contentious issues), dealing effectively with the outcomes.

Meeting challenging deadlines forms a significant feature of the post at the higher level.

The postholder will be expected to lead and directly manage a team of technical staff.

Job description

** Progress and appointment to the next level will be dependent on the relevant business needs/requirement and, there being a position available within the service area.
